Sandton City Refurbishment and Expansion Project

Sandton City Shopping Centre is expanding and improving to enhance its leading position as the world-class, unrivalled shopping and rendezvous destination for millions of local and international visitors as well as leading global and South African retail brands. This is the first phase of a broader vision for the repositioning of the centre by developers Liberty Property Development.

Managing the streets of Sandton Central

In the heart of Sandton's business district, is a hub identified as the vibrant, high energy cluster of global trade and thought. This hub, known as the Sandton Central Management District, is this commercial centre of South Africa and is home to three improvement districts. The services undertaken by Sandton Central are based on an international place-making hierarchy that looks at how cities move from an unpleasant to an exceptional experience.

The first level of this hierarchy aims at creating a safe, clean and well-managed environment. Sandton Central takes this task very seriously, employing a team of 70 public safety ambassadors and 27 cleaning staff, 24-hours a day, seven days a week, who focus solely on crime prevention, cleaning, maintenance and landscaping. The "Men in Red", as they are affectionately called, remain the front line of the improvement district, setting the example and sending the message that Sandton Central is a managed public space. The second level focuses on branding and marketing and improving the overall image of the business district through place marketing, collaborative promotional strategies, the use of a public art programme, market research and working with the media. Sandton Central is South Africa's cosmopolitan centre of trade and ideas. It is central to finance, fashion, smart new global ideas and smart new global people. It is central to Gauteng, central to South Africa and central to the southern hemisphere. Sandton Central – Feel the Energy. For more information visit www.sandtoncentral.co.za.

Corporate Social Responsibility

Sandton City is dedicated and committed to supporting the Reach For A Dream Foundation. Reach For A Dream is an organisation that believes strongly in the power of dreams and has brought hope and healing to countless young South Africans. It encourages children to use their dreams to fight life-threatening illnesses.

Most Sandton City tenants have a Reach For A Dream collection tin. Join Sandton City and the Reach For A Dream Foundation in making dreams come true!

Sandton City is also committed to supporting two havens in Alexandra Township – Banakekeleni and Abangani E Nkosini.

Banakekeleni, meaning 'take care of them' is exactly what Sandton City is aiming to do this year. This hospice and Aids orphanage cares for infected and affected children and adults. Abangani E Nkosini is a centre of care for orphaned and vulnerable children, the sick and elderly.

Due to financial constraints at these two havens, birthdays are seldom celebrated. Sandton City endeavors to alter this and make each child and caretaker's birthday a truly memorable one. Sandton City treats each child or caretaker to a birthday celebration at the respective haven.

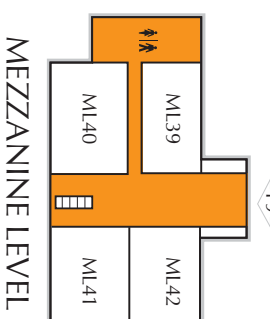

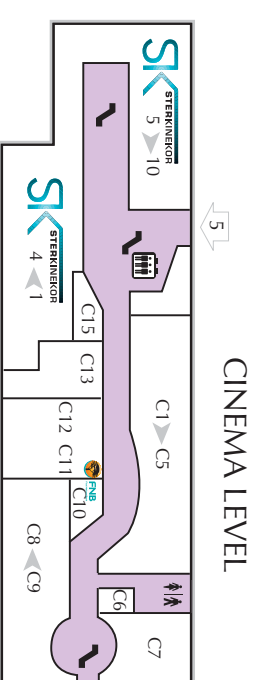

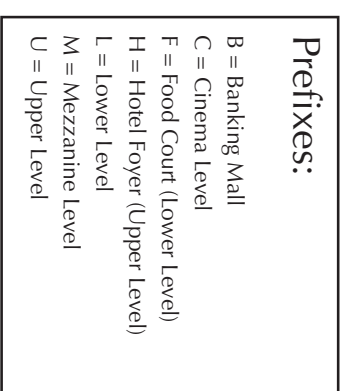

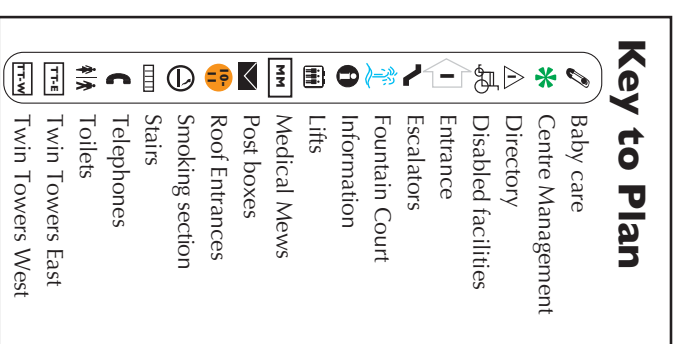

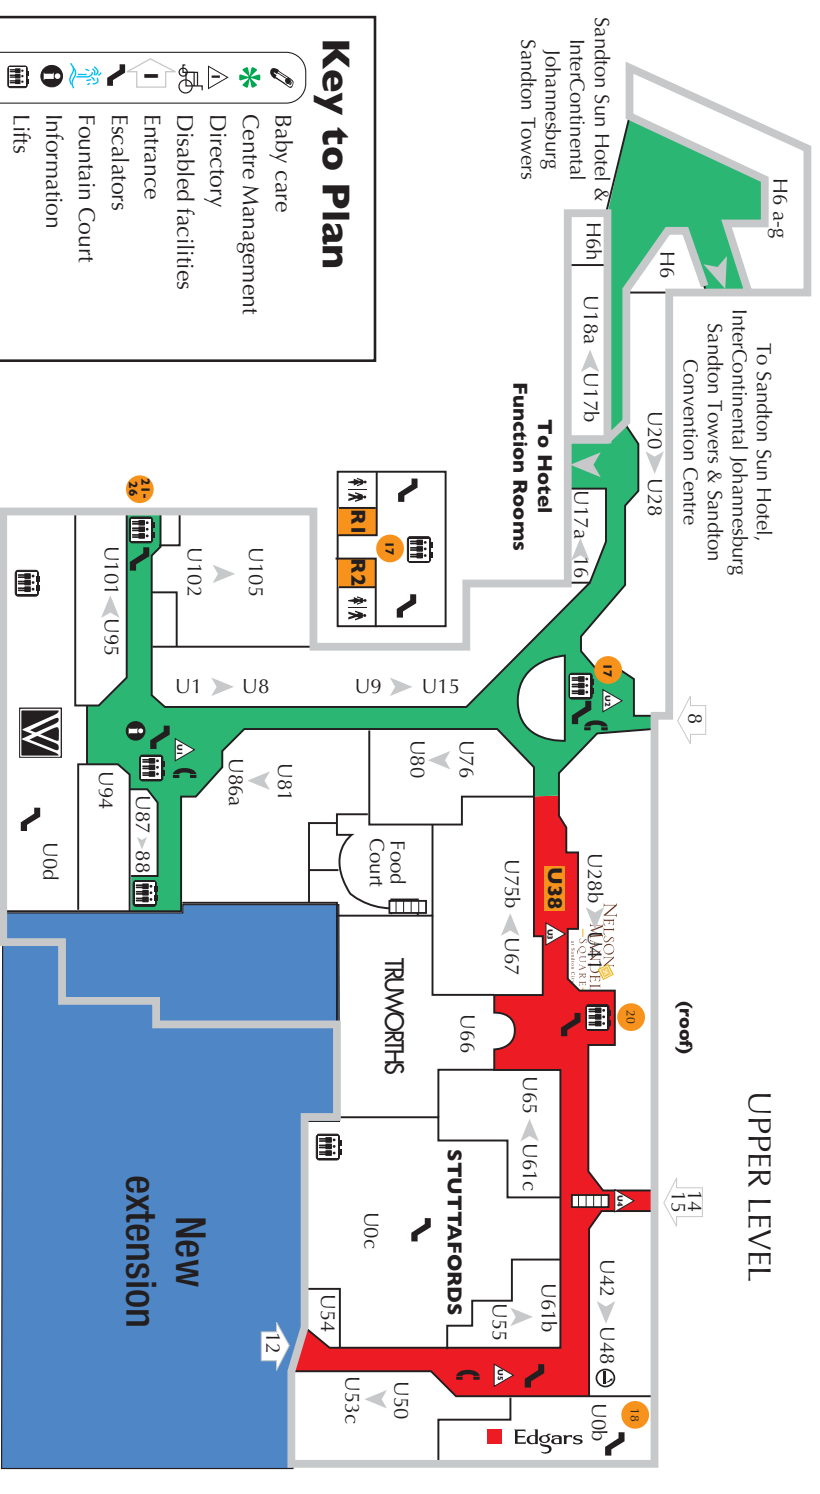

Sandton City celebrates the birthdays of Bonisiwe, Zanelle, and Jeneeth from Abangani E Nkosini.

Onkgopoke Pule from Reach For A Dream is thrilled with her new laptop she received from Sandton City.
